### Gustavo Aguiar

The short time I've spent in high school has been amazing, just for the opportunity to be here and share this experience with great people and to live this American tradition.

It was great to know wonderful people from the U.S and other countries, and I'd like to thank all my teachers, my classmates, and everybody who helped me here (especially Mrs. Nute, who was incredible for helping me and my brothers since the beginning).

THANKS.

In the world I see, I'm stalking elk through the damp canyon forest around the ruins of Rockefeller center. I'll wear leather clothes that will last me the rest of my life. I'll climb the vines that wrap the Sears tower, and when I look down, I'll see tiny figures pounding corn, laying strips of venison in the empty carpool lanes of some abandoned superhighway.

My fellow HSC members, may our hotness never die. To all the friends, I love you all. To Doug and the Sailing Team, thanks for all the great times. For Shark and all the teachers who lit my fire. Barbara and Peter, thank you for letting me be your part time daughter. Also a final thanks to the Island who helped raise me.

This is what you shall do:
. love the earth and sun and the animals

Despise riches, give alms to everyone that asks,

Stand up for the stupid and crazy,

Devote your income and labor to others,

Hate tyrants, argue not concerning God,

Have patience and indulgence toward the people,

Take off your hat to nothing known or unknown

Or to any man or numbered of men...

Re-examine all you have been told

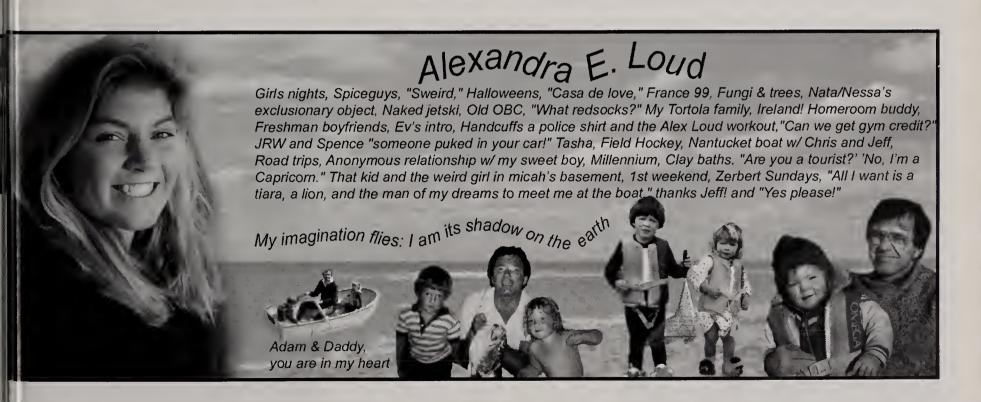

At school or church or in any book,

Dismiss what insults your own soul-

And your very flesh shall be a
